

Susie Savage

Proposed by Liz Middleton

Seconded by Caroline Mackinson

My family was introduced to Folk Camps by Jon & Hils McNamara in 2010 and have attended Summer marquee camps ever since. Our children, now young adults, have found Folk Camps to be a special holiday where they have made terrific memories, great friends and learnt valuable life skills. I have been on Council for the last 3 years and would like to stay to support the running of this special community that we are grateful to be a part of.

As a professional musician I endeavour to create a supportive, kind and creative atmosphere for making and sharing music with others. As a music teacher I am passionate about learning and passing on knowledge and encouraging children's and adults' interest in music and the arts, through opportunity, community and experience.

What I can bring to Council is an understanding of community activities, preparation, planning, logistics, communication and thoughtfulness.
